“ Dear Jenny, you mom loved you so much and was so very proud of you. Thank you for sharing stories and looking through all the photo albums with me this past week. Your mom was so smart and you are so much like her.

“ Although you were not a bowler and did not explore the the beaches of Southern California, from La Jolla to Leo Carrillo and... up to... Pismo, you were a profoundly good woman, a funny woman, and the best lunch companion. You will be missed more than you could ever imagine.

“ Donny, I'm so sorry to hear that that you have lost Doris. Find comfort that she now is with your Dad, helping to keep him straight. May the good lord give you comfort in knowing that she no longer suffers.

“ Donny: I was not aware of Doris' interest in St. Augustine, the Catholic saint and not the city in Florida. If it was the saint, I am sure that Doris was aware of this quote that seems so fitting for her at this time - "You have made us for Yourself, and our hearts are restless until they rest in You. May you rest in His peace Doris!
