“ Both my mother and father worked with Mrs. King at Binns Fashion Shop for many years. They became good friends with Mrs. King. I will never forget in 1995 my mother was in the hospital recovering from a massive stroke. She could not speak and I saw Mrs. King in the hospital but did not think mom was up to a visit and I told her. Well if looks could kill I would have been dead on the spot! My mom threw her body on the bed and turned away from me to look out the window of her room. I then realized I had made a bad decision because she clearly wanted to see Mrs. King. I quickly went down the hall to find her and brought her back to see my mom. My mother reached out with open arms to hug Mrs. King as she pointed and shook her head at me. That moment with Mrs. King was priceless for my mother especially because a month later or so mom died. My mom and dad adored her, and so did I! She was a great lady with a marvelous sense of humor and a deep love of animals. God bless you! Say hello to my mother in heaven, we will miss you! Bonnie Tracey, JR (John Tracey), and John Moffatt

“ I grew up close to Lois and her family. She was the sweetest and caring person I ever knew. She was so nice to every one in the neighborhood. I loved her dearly. My deepest sympathy to all who loved her. I know she will be missed by many. My Daddy liked her so much, when she baked a cake she always called him by for a slice. I hope the memories she has created with so many people will be eternal. RIP Sweet Lois, now you are home and what reunion with those you love.

With love.
