“ We would like to send your family our deepest condolences. We have been neighbors for over 3 years and Marsha was the sweetest lady. We will miss her.

“ I am so saddened to hear of the tragic loss of your mother, grandmother I can only imagine how heavy your hearts must be. There are just no words that can take away the sorrow that you bear, but I hope you can find some comfort in knowing that others care deeply for all of you, and would do anything for you. May you find some comfort in knowing that she is at rest and peace in Heaven's hands, until you meet again. May God be with each of you, comfort you, and help you find peace.

God bless,
Marsha West

“ Marsha was as close to me as if she was my sister. Years past as we raised our families. From McDonalds playground to school plays and PTAs we became bound together. When vacation time came, we loaded up and traveled to Nags Head. Best friends, Marsha, her neighbor, Kathy, and I, met each birthday at Wendy's to celebrate. Through grief or fun, we shared our tears or laughter. She was always appreciative, no matter how minute a gift was. I could not forecast her leaving us now, but last Sunday I stopped as I always did, leaving my church bulletin. It was my way of saying, "I love you." I got a text saying, "Thank you ."
